## SUMMARY

Frontend Developer with hands-on experience in building responsive web applications using HTML, CSS, JavaScript, and React.js. Skilled in developing interactive user interfaces, integrating REST APIs, implementing CRUD operations, and managing application state using React Hooks, Context API, Firebase, and Local Storage. Passionate about building user-friendly web applications and continuously learning modern frontend technologies while seeking a Frontend/React Developer Internship.

## TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+)

Frontend: React.js, React Hooks, Context API, Responsive Web Design

Web Technologies: REST API Integration, Firebase, Local Storage, DOM Manipulation

Tools: Git, GitHub, VS Code

Core Skills: Problem Solving, Debugging

## PROJECTS

**Expense Tracker** | React.js | [GitHub](#) | [Live Demo](#)

- Developed a responsive expense tracking application to manage **income and expense transactions** with real-time balance updates.
- Implemented **CRUD operations** using React and **Context API** to efficiently manage application state.

**Firebase Contact App** | React.js, Firebase | [GitHub](#) | [Live Demo](#)

- Built a contact management application using **Firebase** with complete **CRUD operations** for managing contacts.
- Implemented **search functionality** and designed a responsive interface for an improved user experience.

**Study Focus Tracker** | HTML, CSS, JavaScript | [GitHub](#) | [Live Demo](#)

- Developed a study productivity application featuring a **live timer** and subject-wise study time tracking.
- Implemented **Local Storage** to preserve user progress and designed a responsive user interface.

**Weather App** | HTML, CSS, JavaScript | [GitHub](#) | [Live Demo](#)

- Developed a responsive weather application by integrating a **REST API** to display real-time weather Information.
- Implemented **city-based search** with dynamic weather updates using asynchronous JavaScript.

## EDUCATION

Bachelor of Technology (B.Tech) – Artificial Intelligence & Machine Learning (2023–2027)

Malla Reddy Institute of Technology and Science, Hyderabad

CGPA: 9.33/10

## CERTIFICATIONS

- **NPTEL – Internet of Things (IoT)** – 78% (Distinction)
- **Innovation Ambassador Program** – Design Thinking, Innovation, Entrepreneurship & Intellectual Property Rights (IPR)
